Welcome to
Dexon
FURNITURE THAT WORKS!

ISO 9001:2000 certified

Exporting quality furniture on time every time!

MISSION

To provide the highest quality furniture solutions at the most competitive prices that serve our customers' needs on time every time!

VISION

To increase our exports by continuously offering new furniture solutions that meet global market demand to become a leading steel furniture manufacturer in Asia.

COMPANY OVERVIEW

SMPC Dexon Sdn Bhd is a subsidiary of SMPC Corporation Berhad which is listed on Bursa Malaysia (the Malaysian Stock Exchange). SMPC has over 40 years experience in the iron and steel industries.

Dexon was established in 1974 as a pioneer manufacturer of quality welded steel office furniture for local Malaysian market. Dexon was acquired in 1990 by SMPC Corporation in line with our downstream growth plans. In 2006, SMPC Dexon Sdn Bhd was formed to drive the growth of steel office furniture sales.

We are one of the few Malaysian steel furniture manufacturers with the ability to handle the entire manufacturing process from steel coil to finished furniture under one roof!! This allows us to have absolute control over quality, delivery and production costs; ensuring on-time delivery and high quality furniture every time.

Our manufacturing base also allows us to manufacture custom furniture solutions for our customers.

Our current factory located in the Prai Industrial Estate, Penang is spread over 12 acres of land with a 150,000 sq. ft. built-up furniture plant with an additional 400,000 sq. ft. built-up available for future expansion.

DESIGN & MANUFACTURING CAPABILITIES

By combining our extensive design and manufacturing experience, we are able to create versatile quality steel furniture solutions for a wide range of applications. You'll find Dexon furniture in offices, call centres, military bases, ships, universities, schools, colleges hostels and gyms all over the world!

Our in-house ERW tube making facilities and steel service centre give us greater economies of scale and allows us to pass on excellent value-for-money to our customers. By continuously upgrading our manufacturing capabilities we are able to guarantee speedy delivery of quality furniture on time, every time!

In addition to our standard product range, customers have a wide choice of colour options and special features to choose from. We also have the ability to design and manufacture custom furniture solutions for the local and international markets.

Our talented and experienced design team is well equipped to work on any special product requirements and customization.

SMPC DEXON TEAM

Integrity and professionalism are the hallmarks of the SMPC Dexon team! With 17 years of experience in design, manufacturing and exporting of quality steel furniture, our customers can count on excellent customer service no matter where in the world they are!

6

The Dexon furniture range was introduced in 1990 and has since become a well-known brand in 38 countries worldwide.

Our exports account for 80% of our total turnover thanks to the RELIABLE, INNOVATIVE and FUNCTIONAL designs which have kept abreast of current market trends and ever-changing consumer preferences.

We are an ISO 9001:2000 certified company.

QUALITY POLICY

SMPC DEXON SDN. BHD. committed to implement, maintain and improve the effectiveness of Quality Management System by continual improvement through excellent products, services and delivery that meets customer's satisfaction.

Outstanding quality, durability and versatility characterise Dexon furniture and this can be attributed to our quality policy. Quality begins with our dedicated in-house design team who are able to analyse international design trends and translate these into furniture that works!

Our attention to detail is evident in all aspects of our furniture and manufacturing processes which has led to Dexon achieving ISO 9001:2000 certification. All Dexon furniture has to undergo strict QC procedures and only when we are 100% satisfied with the products do they leave the factory.
